

Social Beliefs

Loyalty to Country

Spirit Quest International affirms our loyalty to the government of the United States of America whether in war or peace.

Abortion

Spirit Quest International is opposed to all states of abortion. We also realize there are certain conditions and situations that merit the utmost prayer in determining the pathways to be followed. Among these are incest, rape, and extreme danger to the mother's life. However, we are opposed in all situations to extreme late term abortions.

Same Sex Marriage

Spirit Quest International is opposed to same-sex marriages. Spirit Quest International ministers who knowingly perform ceremonies between such couples will be required to surrender their credentials.

Divine Healing and Professional Medicine

Spirit Quest International disapproves of any credentialed minister counseling a believer to exclude medical advice and/or treatment when seeking prayer for physical healing. Such ministers shall not represent medical advice and/or treatment as a lack of faith in God's healing power.
